PROFESSIONAL SUMMARY

Hands-on experience building AI-powered web applications, SaaS platforms, and real-time communication systems. Skilled in frontend development, backend fundamentals, database management, API integration, cloud-based solutions, and AI-powered application development. Passionate about building scalable software solutions and continuously learning modern technologies.

WORK EXPERIENCE

AI-Powered Software Developer, Southsmart Technologies Pvt. Ltd. 09/2025 – 03/2026

- Developed AI-powered web and software applications as part of a product development team
- Built and integrated intelligent features using AI APIs including OpenAI and Gemini
- Worked on chatbot systems and basic AI agent workflows
- Contributed to development of full-stack web application solutions
- Handled real-time data processing and system workflows
- Participated in debugging, testing, and performance improvements
- Gained exposure to Special Purpose Machines (SPM) and system integration

EDUCATION

Bachelor of Computer Applications (BCA), 2022 – 2025
Dr. M.G.R Educational and Research Institute
CGPA: 6.95

TECHNICAL SKILLS

Languages

TypeScript, JavaScript, Python

Frontend

Next.js, React.js, HTML5, CSS3

Backend

Node.js, Python

Database

PostgreSQL, Firebase Firestore

AI Integration

OpenAI API (basic), Prompt Engineering

AI Tools

ChatGPT, Claude AI, Google Gemini

Tools

Git, GitHub, VS Code, Postman

UI Design

Figma

CERTIFICATIONS & WORKSHOPS

Full Stack Web Development Course, Intellia Sofpro Limited 03/2025 – 08/2025

- Learned HTML5, CSS3, JavaScript, and modern web development practices
- Gained fundamentals in frontend, backend, and database development

Workshop: UI/UX Design with ReactJS

28/04/2025 –
30/04/2025

- Learned UI/UX principles and React-based UI development
- Improved skills in responsive and accessible design

TCS iON Career Edge – Young Professional

05/2024 – 07/2024

- Developed communication, interview, and professional skills
- Gained IT fundamentals and an overview of AI concepts

PROJECTS

1. ResumeIQ , AI-Powered Resume Analysis Platform

Tech Stack: Next.js, Node.js, Express.js, PostgreSQL, Prisma ORM, Gemini AI, JWT Auth, Cloudinary, Tailwind CSS

- Developed an AI-powered resume analysis platform evaluating ATS readiness and identifying skill gaps
- Integrated Gemini AI to generate personalized resume feedback and improvement recommendations
- Built secure authentication, resume parsing workflows, dashboard analytics, and cloud-based resume storage

2. Growlanzer , Freelancer Marketplace Platform

Tech Stack: React.js, Node.js, Express.js, Firebase, Tailwind CSS

- Developed a full-stack freelancer marketplace connecting clients and freelancers
- Implemented authentication, project posting, proposal management, and milestone tracking
- Integrated real-time communication and responsive user interface design

3. ValueDocs , Secure Digital Document Vault

Tech Stack: Next.js, Node.js, Express.js, MongoDB, Firebase Storage, JWT Authentication, Tailwind CSS

- Developed a SaaS-based document vault for storing, organizing, previewing, and sharing documents
- Implemented role-based authentication and cloud storage integration
- Designed responsive dashboards and secure document management workflows

4. VisionMeet , Real-Time Video Conferencing Platform

Tech Stack: React.js, Node.js, Socket.io, WebRTC, MongoDB, Firebase Authentication

- Developed a real-time video conferencing platform supporting video calls, chat, and screen sharing
- Integrated WebRTC and Socket.io for live communication and collaboration features
- Implemented authentication, session management, and scalable backend services

CORE STRENGTHS

AI-based Application Development

- Problem Solving
- Prompt Engineering
- Quick Learning
- Team Collaboration
